

Long Life⁺ LED Program

50,000 Hours - 10⁺ Year Sign Life

Our LED program provides you with the benefit of maximum savings while our incredible technology offers an enhanced illumination that delivers the optimal LED brilliance. LEDs are a recognized component of sustainable architecture and means your organization can make a significant contribution to sustainability with a reduced carbon footprint.

LED Benefits VS Neon or Traditional Lamps

- ✓ Up to 70% saving in energy costs
- ✓ Virtually no service is required resulting in major savings in maintenance costs
- ✓ No toxic waste ~ no mercury, no lead, no arsenic
- ✓ Reduced materials for waste management
- ✓ 4 Year component warranty with 10 year life expectancy

Long Life⁺ Fluorescent Lamps

50,000 Hours - 10⁺ Year Sign Life

We've extended our Long Life⁺ program to include fluorescent lamps that meet the same stringent economical requirements of our LED program while fulfilling the illumination requirements specific to applications that traditionally require lamps. Our T12 Long Life⁺ lamps are a perfect illumination solution on their own or partnered with our LED Long Life⁺ Program.

T12 Long Life⁺ Benefits vs. Traditional Lamps

- ✓ Up to 30% savings in energy costs
- ✓ Virtually no service is required resulting in major savings in maintenance costs
- ✓ Reduced materials for waste management
- ✓ 2 Year component warranty with 10 year life expectancy

Did You Know...

Regular T12 lamps have a life span of only 12, 000 Hrs? (2 ½ years)
= 4 times the replacement / service fees and 40% more energy required

Neon has a life span of Only 25,000 Hrs? (5 years)
= 2 times the replacement / service fees and 70% more energy required

LONG LIFE⁺ Retro-Fit Solution

Long Life⁺ Retro-Fit Program

Pride Signs Long Life⁺ Retrofit Program provides your organization with the opportunity to make a change immediately, before you make another service call request. We can retrofit your existing signage with our Long Life⁺ LEDs or Long Life⁺ T12 lamps, depending on the application. We can provide you with a free estimate and recommendation immediately.

- ✓ Experience the savings immediately
- ✓ No permits required
- ✓ Government incentive programs may be applicable – saveonenergy.ca

Energy Savings + Service Savings + Replacement Savings = FAST R.O.I
